To search within a single database, click the database name listed below. To select more than one database to search, check the boxes next to the databases and click *Continue*.

[Continue](#) Select / deselect all **Business Source Corporate Plus**

Business Source Corporate Plus is designed to meet the diverse information needs of today's companies. This product contains full text from more than 5,400 premium business magazines and journals. BSC Plus also provides AP wires and thousands of newsfeeds, updated in real time. Additional sources include more than one million substantial company listings; over 2400 newspapers, 850,000 transcripts and more than 1,600 country economic reports.

[Title List](#) [More Information](#) **Academic Search Research & Development**

Academic Search R&D is the world's most comprehensive scholarly, multi-disciplinary full-text database, geared specifically toward addressing the needs of research and development. This product contains over 3,300 full-text journals, including more than 2,900 peer-reviewed journals. In total, this database offers content from more than 6,400 publications including journals, monographs, reports, conference proceedings, etc.

[Title List](#) [More Information](#) **Web News**

EBSCO's *News Harvester* provides near real-time access to thousands of top news feeds from around the globe. These feeds are monitored by EBSCO and relevant results are provided when users enter searches in EBSCOhost. This collection includes over 5,000 feeds across a range of business and general news topics.

[More Information](#)

Welcome to EBSCO's Advanced Searching in the *Business Source* databases tutorial, designed to demonstrate an advanced search on the EBSCOhost interface. In this tutorial, we will look at performing an Advanced search in the *Business Source* databases, as well as some key features available in the *Business Source Corporate Plus* database that can help you find the information most relevant to your business-related search topic.

We'll begin by conducting a search using the guided style **Find** fields in Advanced Search. In the first **Find** field, we will enter *Sony* and select **CO Company Entity** from the **Select a Field** drop-down list to the right. This will restrict our results to those related to *Sony*. In the second **Find** field, we'll enter *earnings forecast* and select **TX All Text**. We'll also apply the **Full Text** limiter as well as the Apply related words expander to include more articles related to our terms. Next, we'll click **Search**.
