How to limit your search to a particular region/regions of the world

- a) Click on the “Select Multiple World Regions” link, shown circled above.

b) You will see this pop-up box:

c) Click on the regions you want, then choose either the "include" or "exclude" button.

"Include" means your search will only include publications from the selected region(s).

"Exclude" means your search will NOT include publications from the selected region(s).

d) Now you can do a search. Your world regions search limiter (shown circled below) is now applied to your search.

The screenshot shows the NewsBank search interface. At the top left is the NewsBank logo. To the right is the heading "Access World News" with a subtext "Explore news articles from 1972 - Current" and a link "overview of content". Below this is a "New Search" section with several input fields: "All Text" (dropdown), a search input field, "AND" (dropdown), "Date(s)" (dropdown), and another search input field with an "Add Row" button. A "Sort by:" dropdown is set to "Most recent matches first" with a yellow "search" button. Below the search fields is a checkbox "Want to be alerted to the latest news on a topic?" with a "Learn More" link. A "Browse by:" section is circled in blue, showing "Multiple World Regions" (with a close icon) and "Clear All" buttons. Below this is a table of filters: "Source Type" (2 World Regions), "Publication" (Filter World Regions below), "World Region" (dropdown menu showing "World Region", "Africa (477 Sources)", and "South America (40 Sources)"), "Country", "Province", and "City" (2 World Regions, listing 1 to 2). A small map of North America is visible on the right.

e) In this example, the search terms used are "North Korea" (put in quotes so that the database understands that you want both words together) and military. The dates wanted are for the past 2 days.

The screenshot shows the NewsBank search interface with search results. The search criteria are: "All Text" (dropdown), "north korea" (input field), "AND" (dropdown), "All Text" (dropdown), "military" (input field), "AND" (dropdown), "Date(s)" (dropdown), "past 2 days" (input field), "Add Row", and "Remove Row" buttons. The "Sort by:" dropdown is set to "Most recent matches first" with a yellow "search" button. Below the search fields is a checkbox "Get alerted to the latest news on this topic!" with "Create Email Alert" and "Save Search" links. A "Limit results to:" section shows "Multiple World Regions" (with a close icon) and "Clear All" buttons. At the bottom, it says "Results (21)" and "Showing 1-10 of 21 Results".

How to create an Email Alert

1) Do a search in NewsBank.

The screenshot shows the NewsBank search interface. At the top left is the NewsBank logo. To the right, it says "Access World News" and "Explore news articles from 1972 - Current" with a link to "overview of content". Below this is a "New Search" section. It features a search bar with "All Text" selected in a dropdown and the text "north korea" entered. Below the search bar is a row of options: "AND" in a dropdown, "Date(s)" in a dropdown, and "military" in a text box. To the right of this row is an "Add Row" button. Below the search bar is a "Sort by:" dropdown with "Most recent matches first" selected, and a yellow "search" button. At the bottom, there is a checkbox labeled "Want to be alerted to the latest news on a topic?" with a link to "Learn More".

2) Once you get to the search results page, you have the option to create an email alert by clicking on the link "Create Email Alert" (shown circled below).

4) When you have selected a date range, click on the “Create Email Alert” link.

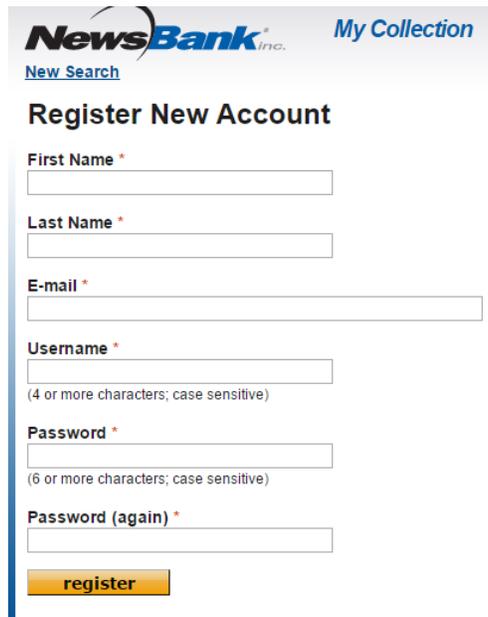

5) You will now see this page:

The screenshot shows the NewsBank My Collection interface. At the top left is the NewsBank logo and 'My Collection' text. Below the logo is a 'New Search' link. The main content is split into two columns. The left column is titled 'Create alert as a registered user' and includes links for 'Log in' and 'Register now', followed by two bullet points explaining the benefits of being a registered user. The right column is titled 'Create alert without registering' and shows a setup for an alert for 'north korea' in 'All Text AND military' in 'Date(s)'. It has a 'Send' dropdown menu set to 'Four times a day', a 'To email addresses' field with a note to separate addresses with a comma, and a large empty text area for addresses. At the bottom of the right column are 'begin alert' and 'cancel' buttons.

There are two ways to create an alert: as a registered user (**recommended**; it allows you to save your search); or without registering.

5a) If you choose the “registered user” option, right-click on “Register Now” to open the link in a new window. Fill out all required information to open your NewsBank MyCollection account.

The screenshot shows the NewsBank My Collection registration page. At the top left is the NewsBank logo and 'My Collection' text. Below the logo is a 'New Search' link. The main heading is 'Register New Account'. Below this are several form fields, each with an asterisk indicating it is required: 'First Name', 'Last Name', 'E-mail', 'Username', 'Password', and 'Password (again)'. Below the 'Username' field is a note '(4 or more characters; case sensitive)'. Below the 'Password' field is a note '(6 or more characters; case sensitive)'. At the bottom of the form is a yellow 'register' button.

Logging into, or signing up for, a NewsBank MyCollection account will take you immediately to this page:

An alternate way to delete an email alert if you aren't registered with a MyCollection Account is to wait until you receive your first emailed alert. Choose "unsubscribe" at bottom of the email (circled below).

NewsBank My Collection Account

You can save searches, email alerts, and articles in your NewsBank My Collection account.

You can easily access your My Collection account at the top of the main search page:

[My Collection - Login](#)

The screenshot shows the NewsBank My Collection login interface. At the top left is the NewsBank logo with 'inc.' and 'My Collection' to its right. Below the logo is a 'New Search' link. The main heading is 'My Collection Login'. There are two input fields: 'Username *' and 'Password *'. Below the password field is a yellow 'login' button, followed by the text 'or Register a new account'. At the bottom of the form is a link that says 'Forgot your password?'.

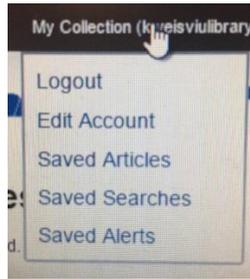

If you want to save an article in your MyCollection account, just click on the “Add to My Collection” link below the article (shown circled below).

The screenshot shows a news article snippet. The title is 'How concerned should Americans be about war in the Koreas?'. Below the title is the source 'Ada Evening News, The (OK) - May 3, 2017', followed by 'Newspaper | Words: 1009' and 'Readability: 11-12 grade level (Lexile: 1240)'. The main text of the snippet is: '... and Vice President Mike Pence have said **military** intervention to prevent this is very much on the ... addition to calling for more sanctions against **North Korea**, Trump has sent "an armada," the USS Carl Vinson ... Americans really be about a potential war with **North Korea** ...'. At the bottom of the snippet are four links: 'Add to My Collection', 'Print/Crop', 'Email', and 'Save as PDF'. The 'Add to My Collection' link is circled in blue.

You can also print, email, or save as a PDF to your computer by choosing the other links.

To make sure the item was added to your MyCollection account, go to the top of the screen and look for the My Collection link. Choose an option on the drop-down menu, shown in screenshot below.

Items in your Saved Articles folder will look like this:

A screenshot of the NewsBank website's "My Collection" page. The page header includes the NewsBank logo and the text "My Collection". Below the header, there is a "New Search" link and a "Saved Articles" section. A folder icon labeled "All Articles" is visible. The main content area shows "1 saved articles in All Articles folder". A toolbar at the top of the article list includes options like "Print/Crop", "Email", "Export", "Cite", "Add to Folders", and "Remove from Folders". Below the toolbar, there is a table of saved articles. The table has columns for "Article Headline", "Date Published", "Date Saved", and "Folders". One article is listed with a checked checkbox in the first column.
